

Each month through the *Engage Kids* activity booklet, children will join Alex, Emma, and Louie the monkey on a fun, interactive missions journey of their own. This booklet contains activities and stories which help the children learn about Eastern Europe and Russia. They will even be given opportunities to connect with missionary kids their own age. Your kids will love this program!

Hope International Missions Presents

## Hope for Eastern Europe and Russia

*Discover how you can  
impact the world through  
this exciting missions series.*

# Hope for Eastern Europe and Russia

**Due to years of oppression** under Communist regimes, a sense of hopelessness abounds in much of Eastern Europe. Sadly, Hungary has one of the highest suicide rates in the world! Through a variety of different ministries, HIM missionaries are bringing hope to hurting people in Hungary, Russia, and Romania.

In this video series you will hear primarily from Regional Directors Ed and Heather Durham, located in Budapest, Hungary, and Sally Sebo who works with orphans in Talpos, Romania. They will give you glimpses of their daily ministries and share how they are working to raise up faithful Christ followers.
