The Adventure OF A LIFETIME

THE MISSIONARY

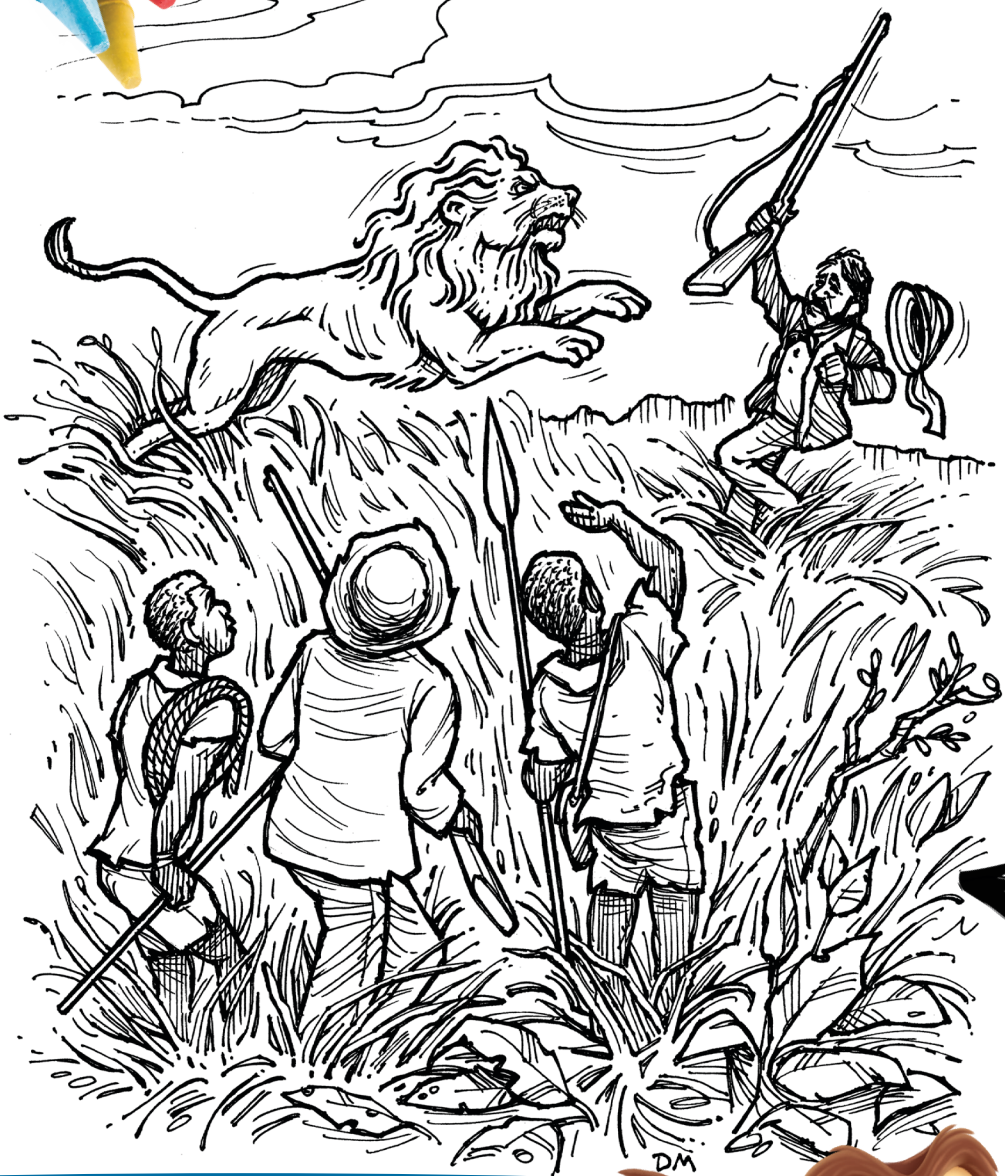

Deep in the hidden forests of Africa, a young man trekked through land where no one in the civilized world had ever been. As he explored the dark jungle, he began to hear a roar but not the roar of an animal. It was the sound of rushing water. Following this noise, he came upon one of the most beautiful sights in the world—Victoria Falls. This man was **Dr. David Livingstone**, and he was an explorer.

Explorer

However, he did not explore just for the sake of adventure. He was a **MISSIONARY** explorer. He traveled the continent of Africa, where no white man had set foot, discovered new places, met new people, and **shared the gospel** with them. Livingstone developed friendships with the Africans, and they came to love and respect him. More importantly, people came to know and love the God he served.

MEMORY VERSE

The Lord will preserve you from
all evil: he will preserve your soul.

PSALM 121:7

Adventure Awaits

Learning about missions can be an adventure, one that you should share with your friends! That's why Louie is encouraging you to start a **Missions Adventure Club**. As a group, you can learn about missionaries. Maybe have a **costume party** where everyone dresses up as someone from a foreign country, or have a party where only **foreign food** is served! You could even put missions into practice by finding creative ways to **share the gospel**. This Missions Adventure Club could be fun not just for you, but for the kids around you as well! Once you start your club, send updates about your activities to engagekids@feaministries.org. We can't wait to hear from you!

The African villages were often attacked by vicious lions. One day, Dr. Livingstone decided to lead some villagers on a hunt, hoping to scare the savage beasts away. Seeing a large lion, he quickly grabbed his gun and shot the animal, but it did not die immediately. It attacked Livingstone and bit his shoulder! Thankfully, through God's protection, that was the only injury he received.

Missions in MONGOLIA

Nichole Barr traveled halfway around the world to the country of Mongolia. This was a brand new adventure for her! Everything was foreign—the food, people, language, and customs. However, that did not stop her from quickly learning the culture in order to share the gospel effectively. Today, Nichole does this by teaching the English language using materials based on the Bible. She even gets to influence hundreds of students who will be future policemen and military personnel. As Nichole continues to follow God's leading, there is no telling where this adventure will take her!

HIDE AND SEEK:

You never know what you'll discover when you go exploring. Here in the picture are twenty-two different animals! Can you find all of them?

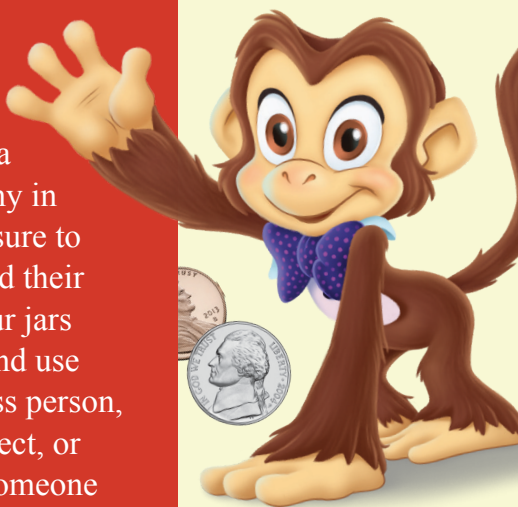

Louie's treehouse Lair

Save Up Your Change!

See how much money your Missionary Adventure Club can collect. Any time you find a quarter on the ground or a penny in your pocket, put it in a jar. Be sure to ask the adults in your life to add their loose change as well. After your jars are full, count up your coins, and use them to buy food for a homeless person, support a special missions project, or whatever you think of! Bless someone around you with your loose change!
