Dear Friends and Loved Ones,

Although we are no longer able to travel to Russia, we are still filled with thanksgiving for all the Lord has been doing for the ministries we left behind five years ago in Northwest Russia. In October 2021, we visited the Vyborg Christian Center where we met with many dear friends. But this year marked a dramatic improvement in the Christian Center with the arrival of Vladimir and Irina Nasedkin and their two teenage sons, Misha and Pasha. Regular evangelistic outreach and several weekly meetings have returned to the

Christian Center, plus outreach to regions beyond! Above is a picture of young people meeting in the Center.

These two photos are from a very recent trip an evangelistic team made, led by Pastor Valera and Vladimir Nasedkin, to the far north regions of Northwest Russia. They did street evangelism and held meetings in the little area churches. Already—in October—it was chilly! Pastor Valera reported that Vladimir's "missionary habits and missionary heart" were a great blessing to the team.

All for Jesus,

Richard & Judy Grout
