

Easter Blessings

Spring is beginning to bloom across Hungary, bringing with it a renewed sense of life, beauty, and hope. The days are growing longer, the air feels softer, and everywhere you look there are signs of new beginnings. It is such a joy to hear the cheerful chirping of birds in the early morning and to see delicate flowers bravely pushing their way up through the once-frozen ground. Nature itself seems to awaken, reminding us that even after the coldest and darkest seasons, life returns in vibrant and colorful ways.

During this special time of year, our hearts are also drawn to deeper reflection. As we contemplate Christ's death and resurrection, we are reminded of the profound love and sacrifice that stand at the very center of our faith. His willingness to give His life on our behalf is the ultimate expression of grace—one that brings redemption, hope, and new life to all who believe.

Just as spring symbolizes renewal in the natural world, the resurrection represents a spiritual renewal within us. It invites us to leave behind what is old and step forward into a life filled with purpose, faith, and joy. In this season, it feels almost impossible not to be moved—our hearts naturally well up with thanksgiving and praise for all that has been given to us.

Truly, this is one of the most blessed and meaningful times of the year. It is a season that encourages us to slow down, reflect, and rejoice—not only in the beauty around us, but in the deeper truth of hope, love, and new life that spring so beautifully represents.

Hobe Sound Bible College Team on Castle Hill overlooking Budapest

We were privileged to have a group from Hobe Sound Bible College here in March. They were a great blessing everywhere we went! They participated at church on Sunday and distributed scriptures to people in the park near our house. Some of them had conversations with people in the park and shared their testimony and/or life experiences. They went to a school where we have a connection, and they interacted with the high school students. Some of the Hungarian students asked difficult spiritual questions and we were so proud of our team for giving solid answers!

At this Easter season, *our hearts are filled with gratefulness for you*—our faithful friends and partners in ministry—who stand with us through your prayers and financial support. Your generosity enables us to continue reaching people with the Gospel and to strengthen the growing missionary network here in Europe. *Your partnership makes an eternal difference!*
Thank you!

Sincerely,
Ed and Heather
